

Brief Overview of the CSWT Collection of Charles Wesley's Published Verse (Original)

The online collection of the poetical works of John and Charles Wesley, provided by the Center for Studies in the Wesleyan Tradition of the Divinity School at Duke University, is committed to providing as broad and convenient of access as possible for scholarly study and citation. This subsection of the collection gathers the poetry and hymns published during Charles Wesley's life that scholarly consensus traces to his pen. The items included are organized in chronological order of their initial publication. Secondary collections in which Charles gathered poems which appeared first elsewhere are placed at the end.

This "modernized" version of the texts replaces archaic spellings (while retaining distinctive British spellings), expands contractions where modern pronunciation would not change the metre of the line, replaces Roman numerals with Arabic, and adopts the modern form for scripture citation.
